

## Safari Premium Library

**Safari Premium Library: Total access to the most sought-after insight in IT and business**

The entire Safari Books Online collection of the most current best selling, top rated technical and business management information available today, the Safari Premium Library includes content from all four top technology publishers—Pearson, John Wiley & Sons, O'Reilly Media and Microsoft Press—and premium features like exclusive, special publishing formats, video, PDF downloads, and more.

### Exclusive content, exceptional experience

Safari Premium enables professionals of all levels to solve problems, perform research, and develop skills using exclusive content from O'Reilly Media and Pearson, and much, much more.

-  **Rough Cuts**—Access to books as they are being written. Rough Cuts are continually updated so readers get access to new versions as the book progresses. The commenting feature lets you participate in dialogs with the author and other subscribers about the content as it's being developed.
-  **Video**—A comprehensive collection of online training videos that provide top notch instruction on web design, software development, and graphics tools and techniques from the leading video training expert, lynda.com, and other participating publishers.
-  **Short Cuts**—Short Cuts are exclusive works that our publishers produce on technologies that are either too early in their life cycle or too specific to have entire books dedicated to the topic.
-  **Downloads**—The vast majority of Safari titles have downloadable sections and chapters in PDF format so you can have access to the content you need when and where you need it.
-  **Premium Content**—Safari offers exclusive access to front list content like O'Reilly Radar Reports, Release 1.0/2.0 newsletters, publisher conference materials, and more. Available only to Premium Library subscribers, Safari Premium Content gives your users access to more exclusive content at no extra cost.
