MELK - tilbud

I skolen får elevene tilbud om å kjøpe melk. Barna kan velge mellom lettmelk og helmelk. Melken leveres i bokser på 1/4 liter. Vi vil anbefale at barna blir med ordningen.

Melken betales i to terminer. Elevene får beskjed om innbetalingen. Postblanketten sendes fra skolen til foresatte. Når betalingen er registrert på skolen, får elevene melk.

MILK AT SCHOOL

School children in Norway have the option of buying milk at school. The children can choose between 2% milk ("lettmelk") and whole milk ("helmelk").

The milk is sold in ¼ litre cartons. We recommend that children make use of this programme. You pay for the milk twice a year. Pupils will be informed when the payments are to be made. A postal giro form will be sent by the school to the parents/guardians. When payment has been registered at school the pupils will begin to receive milk.

Yours sincerely
The school administration
